

## **EASYCare**

# Mortar Stain & Calcium Remover

Easy-to-use cleaner for unsightly cement residue

### 1 litre super concentrate bottle

Mortar Stain & Calcium Remover is a fast acting powerful ECOLOGICAL cleaner to remove cement residue deposits, scale, oxidisation and atmospheric contamination. Unlike any other acid/alkaline cleaners, it does not require neutralising after application.

Coverage: up to 60m<sup>2</sup>

#### Features & Benefits

A professional strength ecological cleaner that removes cement deposits scale, oxidisation (rust) and hard calcium deposits.

- Removes atmospheric contamination from patios, drives, floors, walls, statues, tools and other surface areas
- Needs no neutralising
- Contains no organic acid alternative
- Phosphate free
- Biodegradable
- Contains NO VOC
- Low Odour and low fuming
- An ideal floor etch before painting

#### APPLICATION

- Apply using a spray, watering can or brush to a damp surface.  
FOR LIGHT CONTAMINATION: Dilute 1 dose (100ml) in 1 litre of water  
FOR HEAVY CONTAMINATION: Dilute 3 doses (300ml) in 1 litre of water
- Ensure heavy contamination is saturated
- Agitate well with a stiff brush and leave to act for at least 10 minutes
- DO NOT LET THE SURFACE DRY OUT ONCE APPLIED
- Reapply and leave for a further 5 minutes
- Agitate with a stiff brush
- Rinse well with clean water or use a power washer
- A second application may be required for particularly heavy deposits

#### Precautions

- **Always test a small inconspicuous area before use to ensure surface compatibility, performance and finish is acceptable**
- **Not suitable for use on limestone, marble, granite, or any calcium (lime) based stone**
- Remove loose dirt, moss and other debris from the surface prior to treating
- Keep children and pets/animals away until cleaning process is complete and surface is dry
- Do not allow to come into contact with plants, shrubs or grass
- Ideal operation operating temperature between 10°C and 20°C. As a guide ensure the surface is cool to touch
- Do not apply during frost or when temperature is below 5°C. When used in colder temperatures effectiveness may be reduced and longer cleaning time may be required
- Do not apply in direct sunlight
- Clean tools and other equipment with warm water immediately after use. Avoid stainless steel sinks as this product may tarnish the surfaces

#### Storage

- Store between 5°C and 25°C and keep container tightly closed
- Keep out of direct sunlight and protect from frost in original container
- Keep out of reach of children

#### Health & Safety

- Harmful if swallowed. Causes severe skin burns and eye damage
- Do not breathe dust/fumes/gas/mist/vapours/spray
- **IF ON SKIN:** Gently wash with plenty of soap and water. Take off contaminated clothing and wash before reuse. If skin irritation or rash occurs seek medical advice/attention
- **IF IN EYES:** Bathe the eye with running water for 15 minutes. Promptly wash eyes with plenty of water while lifting the eye lids. Continue to rinse for at least 15 minutes and get medical attention. Remove contact lenses if possible and safe to do so
- **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Wash out mouth with water. If conscious, give half a litre of water to drink immediately. Transfer to hospital as soon as possible
