

## **EASYCare** **Rattan Revive**

Fast acting and easy to use

### 750ml ready-to-use trigger spray

Rattan Revive is three products in one - it cleans, restores, and protects synthetic rattan furniture in one simple application.

#### Features & Benefits

- Cleans, restores and protects
- Ideal for PVC, plastic and wood
- Results can be seen in minutes
- Easy to use and long-lasting results
- Rejuvenates tired PE rattan furniture

#### APPLICATION - ALWAYS WEAR SUITABLE PPE

- SHAKE THE CONTAINER FOR 30 SECONDS BEFORE EACH USE
- USE NEAT AS SUPPLIED
- Remove loose dirt, moss and other debris from the surface prior to treating
- Apply a generous even coat
- Leave product to work for 10 to 15 minutes
- Wash down with clean water and a sponge or soft brush
- Dry the surface using a soft microfibre cloth
- To maintain and further enhance - apply, leave 2 minutes and buff off with a microfibre cloth until clean and dry

#### Precautions

- **Always test on a small hidden portion of the surface to be cleaned to check compatibility and performance before commencing on the whole area**
- Do not allow contact with surrounding areas such as paving, stone and brickwork

#### Storage

- Store and use between 5°C and 25°C in the original container
- Keep out of direct sunlight and protect from frost
- Keep out of reach of children

#### Health & Safety

- Causes serious eye irritation
- Harmful to aquatic life with long lasting effects
- Avoid breathing fumes/spray
- Wash hands, forearms and face thoroughly after handling
- Avoid release to the environment
- Wear protective gloves/clothing and eye/face protection
- **IF ON SKIN:** Gently wash with plenty of soap and water. Take off contaminated clothing and wash before reuse. If skin irritation or rash occurs seek medical advice/attention
- **IF IN EYES:** Bathe the eye with running water for 15 minutes. Promptly wash eyes with plenty of water while lifting the eye lids. Continue to rinse for at least 15 minutes and get medical attention. Remove contact lenses if possible and safe to do so
- **IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Wash out mouth with water. If conscious, give half a litre of water to drink immediately. Transfer to hospital as soon as possible
- **IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. If feeling unwell, call for medical assistance
